

The Parish Gardens

"A new beautiful space for the whole community"

Dear friends, the New Parish Gardens are progressing well, The Gardens are located at the field at the back of St. Brigids church. It will be a new beautiful space for the whole community. The diagram below is the first map. The opening will just be the beginning. We have already utilised the on-site features and views and we hope that groups and organisations will take an interest in certain areas of the Gardens and develop them further. The more the community gets involved, the more beautiful and special our gardens will be. We believe it will be a place of timeless rewards that will develop and grow over the years. A place where you can relax your mind, walk and talk, think, sit and pray or just invigorate your senses and renew yourself.

Escape, Relax, Walk, Think, Pray, Read, Talk, Heal, Play, Re-energise

For any individual, group or organisation that would like to help, donate or just find out more, please contact Fr Ray or Colin Smith on 086 2564372. A sincere thank you to everyone who has donated so far, The Parish Garden Committee
